

## **The Pivot Point.**

Pivot Point. Afternoon of Tuesday 22nd Sept and Tuesday 29th September 4-6pm

The Pivot Point addresses the issues you raise about our own wellbeing as well as that of our staff and children. It provides a safe platform for a Recovery Conversation to take place.

I use an NLP model C.O.A.C.H. to enable us to "tap into" our inner leader/team and provide some accessible "state management" tools. I also link this with Dan Hughes' PACE principles re Attachment and Nurture as we seek ways to practically support our children.

**Leading Ourselves, Our Teams and Our Children.** - A full day or two half two half days of training and workshops to enable teams and individuals to support themselves and the children in our schools as we assimilate to the "new normal."

In order to reduce the impact of time spent away from school and provide a platform for a Recovery Conversation. This day is designed to:-

- enable teams and individuals to reflect upon the impact of the sudden changes we have all had to make in recent months
- identify some simple tools and models to promote leadership from within
- maximise the opportunities for individuals and teams to develop flexible and adaptable approaches in uncertain times
- allow us to explore a PACE approach to support our children in the best ways we can

There will be some taught content, individual activities and the opportunity to work in smaller groups.

**With Nicky Beattie from Lincs Associates.**

**If you are interested contact and wish to book a place email:**
